Software, Inc.

Situation: You're overwhelmed with paper, it's costing you a fortune to manage, and inefficiencies exist

Solution: You decide to implement document imaging in your business (Preferrably ours)

2. Second step is to use 1mage's complete line of imaging software. It's EASY!!!

1. First step is to scan your documents into the imaging system at nearly the speed of light \*

[www.1mage.com](http://www.1mage.com)

3. Third thing you do is turn your filing room into a gym, pool, basketball court and daycare center

4. Employee satisfaction goes through the roof, and the cost of managing paper is greatly reduced
